- b) Consider the addenda to the previously certified Program Environmental Impact Report (01-EIR-01) and determine that the addenda contained within the Fiscal Year 2018-2019 Annual Routine Maintenance Plan have been completed in compliance with CEQA and adopt the mitigation measures included for each project as the Mitigation and Monitoring Plan pursuant to State CEQA Guidelines Section 15168 (c)(3);
- c) Adopt the CEQA Findings included in the Fiscal Year 2018-2019 Annual Routine Maintenance Plan;
- d) Find, for the purposes of the CEQA that;

 - ii) Pursuant to CEQA Guidelines sections 15168(c)(2) and 15162(a), after considering the PEIR certified by the Board of Directors in November 2001, and subsequent annual addendums, that no subsequent EIR or Negative Declaration is required because: i) no substantial changes are proposed which require major revisions of the PEIR; ii) no substantial changes have occurred with respect to the circumstances under which the project is undertaken which require major revisions of the PEIR; and iii) no new information of substantial importance concerning the project's significant effects or mitigation measures, which was not known and could not have been known with the exercise of reasonable diligence at the time that the PEIR was certified, has been received; and
- e) Approve individual projects described in the Fiscal Year 2018-2019 Annual Routine Maintenance Plan.
