Consider recommendations regarding side letters authorizing use of vacation during the storm related disaster by employees with less than six months continuous employment, as follows:

- a) Approve the side letters which authorize the use of vacation during the storm related disaster by employees with less than six months continuous employment, and grant the same exception to unrepresented management and confidential employees; and
- b) Determine pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15378(b)(4) that the above action is a government fiscal activity which does not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment, and therefore is not a project subject to environmental review.
