Consider recommendations regarding ERG Operating Company, LLC Foxen Petroleum Pipeline (R/P File No.: 003822), Santa Maria, Fifth District, as follows:

- a) Approve the adoption (Second Reading) of the Ordinance granting the Public Pipeline Franchise to ERG to facilitate ERG's Foxen Petroleum Pipeline Project; and
  
- b) Find that pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15162, there are no substantial changes proposed in the recommended actions regarding a public franchise for the Foxen Petroleum Pipeline Project that will require major revisions to the Environmental Impact Report (13EIR-00000-00002), certified by the Santa Barbara County Planning Commission on March 11, 2015, on file with the State Clearinghouse as file No. 2013061011; no substantial changes have occurred with respect to the circumstances under which the project is undertaken; and there is no new information of substantial importance that has come to light regarding environmental effects of the project or of the sufficiency or feasibility of mitigation measures; and therefore approval of the recommended actions is within the scope of the project covered by the previously certified EIR and no new environmental document is required.
