Consider recommendations regarding the acceptance of a one-time grant for the Spay-Neuter Program, as follows:

- a) Authorize the Public Health Department Director to accept a \$15,000.00 grant from the California Department of Food and Agriculture to be deposited into the Santa Barbara County Animal Services Spay/Neuter Agency Fund, to spay and neuter animals and to promote responsible pet ownership through educational outreach; and
- b) Determine that these activities are exempt from California Environmental Quality Act review per CEQA Guideline Section 15061(b)(3), since it can be seen with certainty that there is no possibility that the activities may have a significant effect on the environment.
