---

Acting as the Board of Directors, Flood Control and Water Conservation District:

Consider recommendations regarding an Easement for the Lower Mission Creek Flood Control and Restoration Project, First District, as follows:

- a) Accept the Grant of Nonexclusive Easement Agreement from the Housing Authority of the City of Santa Barbara (the “Authority”) for flood control improvements located on a portion of 512 Bath Street, County Assessor’s Parcel Number 037-161-035, by authorizing the Clerk of the Board to execute the Certificate of Acceptance; and
  
- b) Find that pursuant to CEQA Section 15162, no substantial changes are proposed, and no new information of substantial importance has come to light regarding environmental effects of the project or of the sufficiency or feasibility of mitigation measures, and therefore the acceptance of an easement is within the scope of the project covered by the EIS/EIR for the Lower Mission Creek Flood Control and Restoration Project approved by the City of Santa Barbara Planning Commission in 2010 acting as Lead Agency under CEQA, and subsequently accepted by the Santa Barbara County Flood Control Board of Directors in May 2011 acting as a Responsible Agency under CEQA, and that therefore no new environmental document is required.
