File #: 01-00536, **Version:** 1

HEARING - Consider recommendations regarding the Septic System Servicing and Inspection Program, as follows: (EST. TIME: 45 MIN.)

- a) Direct the County Public Health Department to forward a request to the State Water Resources Control Board for approval of modifications to the Septic-to-Sewer Conversion Program description to allow for funding of focused environmental impact studies relative to septic-to-sewer conversion projects;**
- b) Direct County Public Health Department staff to work with interested environmental groups, homeowner groups, sanitary districts and other County agencies to define the guidelines for use of the Septic-to-Sewer Conversion Program funding;**
- c) Defer consideration of County Code revisions for mandatory servicing and inspection of septic systems until the completion of the County-wide Sanitary Survey Project;**
- d) Accept a report on the status of the septic system program;**
- e) Upon acceptance of the requested modifications by the State Water Resources Control Board for use of the state funding for the septic-to-sewer program, direct Public Health Department Staff to reserve, subject to certain conditions, \$28,248 for the Carpinteria Sanitary District Rincon Point sewerage project for a portion of costs for engineering studies, CEQA Initial Study and Phase I Archaeological Survey.**

COUNTY ADMINISTRATOR'S RECOMMENDATION: POLICY
