File #: 17-00421, **Version:** 1

Consider recommendations regarding the 2017 Updated Debris Basin Maintenance and Removal Plan and Maria Ygnacio Creek Main Branch Removal Project, First and Second Districts, as follows:

Acting as the Board of Directors, Flood Control and Water Conservation District:

- a) Find that pursuant to the California Environmental Quality Act Guidelines Section 15162, no new effects will occur and no new mitigation measures would be required as a result of the project and therefore pursuant to the California Environmental Quality Act Section 15168 (c)(2), that the Updated Debris Basin Maintenance and Removal Plan is within the scope of the project covered by the Program Environmental Impact Report for the Updated Routine Maintenance Program (01-EIR-01) approved in 2001 and no new environmental document is required;
- b) Consider the addenda to the previously certified Program Environmental Impact Report (01-EIR-01) and determine that the addenda contained within the Updated Debris Basin Maintenance and Removal Plan have been completed in compliance with the California Environmental Quality Act and adopt the mitigation measures included for each project as the Mitigation and Monitoring Plan pursuant to State California Environmental Quality Act Guidelines Section 15168 (c)(3);
- c) Adopt the California Environmental Quality Act Findings included in the Updated Debris Basin Maintenance and Removal Plan; and
- d) Approve individual projects described in the Updated Debris Basin Maintenance and Removal Plan.
